TECHNICAL SKILLS

Programming: Java, Javascript
Database & Connectivity: JDBC, SQL, MySQL
Web Technologies: HTML5, CSS3, Bootstrap, Tailwind CSS
Tools & Platforms: Git, GitHub, Apache Maven
Core CS Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Database Management Systems (DBMS)

PROJECTS

Personal Portfolio Website [HTML5, CSS3, JavaScript, Tailwind CSS, Bootstrap, GitHub Pages](#)

- Designed and deployed an interactive, responsive portfolio website highlighting technical skills, code snippets, and projects.
- Utilized **Tailwind CSS** and **Bootstrap** frameworks alongside modern CSS for clean UI styling and responsive layouts across mobile and desktop displays.
- Built an interactive code canvas component using pure JavaScript DOM manipulation to display background information.

Hospital Management System [Java, JDBC, MySQL, SQL, Apache Maven, Git](#)

- Developed a robust command-line application to streamline patient, doctor, and appointment management workflows.
- Integrated Java backend with MySQL relational database using **JDBC** to perform secure CRUD operations.
- Structured dependencies and project build lifecycle using **Apache Maven** while maintaining source code on GitHub.
- Applied key Object-Oriented Programming principles to ensure modular code structure and data integrity.

JavaScript Mini Projects [JavaScript, HTML5, CSS3, Git, GitHub](#)

- Created a suite of interactive web applications to strengthen core JavaScript, DOM manipulation, and asynchronous event-handling skills.
- Implemented responsive user interfaces using modern web standards and hosted project repositories on GitHub.

EDUCATION

Savitribai Phule Pune University (SPPU)

Bachelor of Engineering (B.E.) in Computer Engineering

Pune, Maharashtra

Expected Graduation: 2027

- Current Status:** Fourth Year Undergraduate Student
- Relevant Coursework:** Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Software Engineering
